and strategies needed this third edition has been completely revised and updated and includes two new chapters the first maintaining a collaborative relationship identifies ways to engage a young person collaboratively throughout a proactive counselling process the other professional and ethical issues deals with these issues as they relate to working with young people additional practical case studies and examples show how counsellors can work pro actively with this age group the book will be of particular interest as a textbook and resource to all professionals who work with emotionally disturbed young people and will provide an excellent resource for trainees in courses on counselling social work psychology occupational therapy mental health and psychiatry nursing and education

master s thesis from the year 2008 in the subject sociology children and youth grade a panjab university government home science college chandigarh india course masters in child development language english abstract the present study was designed to investigate adolescent adjustment problems and school counselling services as perceived by adolescents educators and parents the objectives of the study were 1 to gain an insight into perception of adolescents educators and parents regarding adjustment problems of adolescents in various domains 2 to gauge the views of educators parents and adolescents regarding need and importance of counselling services in schools 3 to understand the views of educators parents and adolescents related to various aspects of implementation of school counselling services the results obtained from both the responses on the student problem checklist and on the questionnaires indicated similar perception of adjustment problems the study revealed that school going adolescents perceived low adjustment in the domains of studies occupation and health all the respondents emphasized on the need of counselling for the school going adolescents however very few had actually approached any professional ever for counselling and were not very clear about the role of counselors in schools the results also revealed that adolescents and parents preferred approaching teachers rather than the professional counselors for help the teachers perceived themselves as able and as competent as the counselors in handling adolescent problems although at times they reported having difficulty in dealing with certain specific problems the results highlighted the need to orient and educate the adolescents teachers and parents on the need for counselling regular in service training and workshops were

asked for by the teachers to develop and enhance their counselling skills

focusing on eight principle therapeutic models of counselling skills this text illustrates how the underlying theories can be applied to professional social work practice

facilitating children s and adolescents growth has been a challenge and major concern for person centred work since the beginning of the approach in the 1940 s during the past decade a shift in this domain has generated numerous new concepts research and practice making a considerable impact on both the professional tasks and training of educators counsellors and psychotherapists fifteen original chapters and a foreword from brian thorne describe this development the chapters began as presentations from a symposium at the potsdam pce 2006 world association conference thus reflecting international perspectives emerging around the world today framed by two chapters from the editors the book provides a comprehensive overview of state of the art person centred work with children adolescents and parents and identifies emerging themes in the field

onflict and dispute resolution is a practical guide to understanding dispute resolution theory in the context of organisational psychological and social work themes it covers the spectrum of interventions from the prevention of conflict ignoring it managing it through feedback difficult conversations self mediation conflict coaching to facilitative processes such as dispute facilitation mediation conciliation and managing groups and multi party disputes the book encourages diverse thinking about how conflict impacts not only on the individual but also on relationships in their broadest sense at home at work locally and globally the authors show how to apply the theoretical aspects of mediation to skill building for conflict management negotiation and mediation and include discussion of assessment methods conflict resolution and mediation is comprehensive in its coverage of all the skills and processes needed by students coaches mentors and practitioners to help deal with dilemmas and become reflective practitioners it is complete with case studies clear examples and dialogue extracts to assist in becoming more aware and more effective at beign able to provide an appropriate process for parties to achieve their outcome

when it comes to working with adolescents in a therapeutic setting counsellors are

divided some work exclusively with adolescents in a successful and fulfilling way however others find it difficult to work with them in this new edition of counselling adolescents kathryn and david geldard provide a practical introduction to the principles and practices required for successful counselling to show that working with adolescents can be both challenging and effective

brief counseling in schools second edition is a practical guide to providing help and support to young people experiencing a range of difficulties in their home and school lives recognizing the constraints of working within school settings the book illustrates how counseling can nevertheless be effective even when time is short and confidentiality is hard to preserve based on a method of brief integrative counseling that can be adapted to the range of problems which pupils bring to counseling and illustrated with rich and varied case material the chapters look at issues of self esteem depression and suicidal thoughts bullying parental separation and step parent conflict loss and bereavement spiritual concerns smoking drug and alcohol use and sexuality
